Tobacco Stocks Running Low.

"Tobacco stocks Running Low.

"Tobacco stocks are reported to be running low owing to a poor crop in 1915 and the increased consumption by the armies in Europe. Sales of cigarettes have grown enormously in the United States during the last year.

"The congestion of freight has been somewhat releved by an increase in the space available for ordinary merchandise on ocean steamers. Shipping business on the Great Lakes is not so good as the owners expected, rates being lower and offerings less in volume than anticipated.
